

FRITZ PPE

CLEARMAXX SYSTEM by optrel® swiss made

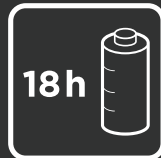

Battery Powered Air Purifying Respiratory System

TH3 Protection
40x safer than N95
10x safer than N99

**Breathe easily
without the respiratory
resistance of a mask**

Certified by
National Institute for
Occupational Safety and Health
NIOSH

Why CLEARMAXX

- Positive air pressure reduces heart, lung and heat stress
- Up to 18 hours of battery life
- Stethoscopes, phones earpieces can still be used without restrictions
- Impact resistant polycarbonate Face Shield eliminates the need for safety glasses
- The transparent Face Shield improves communication with patients and co-workers
- A 30 min. Battery Alarm makes sure you will never run out of purified air
- Automatic Flow Check at start up guarantees proper function before a shift starts
- The integrated Airflow Sensor keeps track of your air supply
- The sealed Face Shield accommodates facial hair and eyeglasses
- Durable but light weight design
